

## Peninsula Palms

**RIO TINTO**

### Unique Attributes

- Integrated program including demolition, civil and building works to upgrade FIFO camp and accommodation facilities
- Refurbishment of main central camp facilities - kitchen, gym, dining area, VIP amenities
- Construction of workforce transit facility, including bathroom amenities and soft/hard landscaping
- Refurbishment of workforce accommodation, including landscaping and external works

### Key Challenges

- Remote site location and concurrent/consecutive work programs spanning 3+ years
- Workforce rostering, including engagement of subcontractor/trades
- Transport and logistics for supply of building materials as well as deployment and maintenance of specialist plant and equipment
- COVID 19 Pandemic - WA quarantine laws; FIFO workforce protection measures and testing protocols

### Project Statistics

**>400,000**  
TOTAL WORKHOURS

**600+**  
FIFO WORKFORCE CAMP - ACCOMMODATION

**145**  
TOTAL WORKFORCE AT PEAK

**577**  
TOTAL WORKFORCE ROSTER
